Training and Consultation Services
GHA customizes our training to meet your needs. We provide Conference Presentations; including thought provoking, humorous, and inventive Keynote Addresses; staff In-Service sessions ranging from a few hours to multiple days; and we specialize in long-term Capacity Development Projects of 6 months to 5 years. Many of our customers write us in as the Technical Consultants and Trainers on their projects, and, of course, we can assist with the development of those proposals. We maintain staff in a dozen states.
