

HABITAT PRODUCTIONS

VIDEO PRODUCTION BY BILL AND DAVE WESTERLUND

Bill and Dave launched this promising business matched to their superior videography and computer skills, their love of music, and their creativity. We are featuring 3 examples of their work. The first is a Digital Birthday Card, the second is a Digital Mother's Day card, and the third is just a fun clip they did for your amusement.

To get your own **Digital Greeting Card**, simply call or e-mail Bill and Dave to discuss your project. They'll give you a price estimate, have you mail them photographs for scanning (or you can upload your digital images), and they'll assemble the pictures and music into a personalized, lasting gift. They'll return your photos along with a CD containing the Video Greeting Card.

Bill and Dave also produce **Scrapbook CDs***. If you are a Scrapbooker and wish to share your treasure with others, send it along to Habitat Studios. They'll scan it and create a digital version, with or without background music. You can copy the CD and mail it to friends and family, or post it on your personal website!

To contact Bill and Dave, call them at:

(410) 418-9304

E-mail them at: billiam411@msn.com
